For each question: Pause the audio tracks as needed to allow students time to write their answers.

### **Question 16: Rhythmic Dictation**

- 1. Read the test question aloud and answer any questions.
- 2. Have the students point to the blank measure in example one. Explain that this is the measure they will fill in.
- 3. Explain that each example will be played three times.
- 4. Establish the tempo and beat by tapping and counting two measures aloud before playing each example.

- 5. Instruct the students to count along silently. Do not tap or count while playing.
- 6. Play example one, accenting the first beat of each measure. Pause, giving the students time to write.
- 7. Play it two more times, saying "again" before each time, pausing between repeats to give students time to check their work.
- 8. Repeat this procedure with the second example.
